“ I have been the oxygen service rep for Alan for several years. It has been an awesome experience getting to know Alan, Holly and the dogs. Visiting their home weekly, I would always leave their house laughing and smiling. Alan became a good friend to me. Every time OU and OSU will play each other in the future, I will wonder if my phone is gonna ring, with Alan singing, "Boomer Sooner!"

Missing you Buddy! Hang in there Holly!

“ Uncle H,I 1st met you when I was about 9(maybe younger)at The Rosser River Romp.I came up that year with my mom hoping that Wes was gonna be there but he never showed up that year and I pouted all weekend and everyone gave me he'll about it.I knew at a very young age that your nephew was the one and only for me.I think everyone knew too,and that's when I became a part of the family.Then I had Traven when I was 15 and it was all over from there.You always treated me like family.You would tell me something needed to be done and I would get it done.You and Aunt Holly would always call and ask "do them kids need anything"?You helped my boys out so very much and taught them so much.They will carry that for the rest of their lives.You took em under your wing and I am so very grateful.You would pull up to the house and honk and I would scream Uncle H is here but of course I would always come outside so you could give me he'll and you would always say "get them boys out here,I need some help".Sitting beside you at Traven and Traces football games.Or you would be at The Romp and you would tell one of my boys "call your parents and tell them to get their a\$\$'s up here".Thank You for always making me feel like a part of the family.So many great memories but I think I'm getting close to writing a book.Give mom a big hug and kiss for us.TIL WE MEET AGAIN!SEE YOU ON THE OTHER SIDE!

“ H was a second cousin. Our grandfathers were brothers who were born in Tennessee and came to Oklahoma. His grandfather Ed, came here about 1903 or so. My grandfather Hub, came to BA in 1918 or 1919. Sorry for the loss of H.

“ I have many fond memories of H that began when I was about five...He helped my dad with the Gas House Gang...like all the other boys they treated me like I was their little sister...at the time I did not like that much..I did anything to compete for my dad's attention so I went to all the practices and I was the ball "girl" during the practices...H spent a lot of time with us..One particular nite we were coming home from a game and he was in the back seat with me and he dropped his false teeth in my lap....I was traumatized since I did not know there was such a thing as false teeth.. I Started screaming for my dad to go to the hospital...H lost his teeth...well they all got a good laugh on me..  
He was a wonderful person and Kept everyone he was around smiling....prayers for Sherry and all his family!

“ Uncle H and Aunt Holly have been for me my whole life. They always made sure i had school clothes or shoes if i needed it. H never missed a football game from the time i was in 7th grade til I graduated, and in highschool he didnt miss many practices either. He is responsible for my love/hate relationship with the game of golf. He taught me to golf at hiltop golf course in porter. I drank my first beer with H, and went in to my first bar with him at the ripe age of 15 "the south 40". He later told on me and Heilman for being underage after we returned on numerous occasions to hang with his friends. He is the reason behind my love for the Rosser River Romp. After grandma quit going parents didnt like to go. So from 10 to til i could drive myself uncle H and aunt h made sure i got to go with them. I rememeber bein around 12 and as we were heading home down hwy 10 H could caught me looking out the window and crying. Ive never forgot what he told me " bud having a family like we do that gets together like this is a blessing and a privilege dont be upset itll be back in a year." The very same thing happened with my oldest son leaving the Romp this past year and i told him the exact words. When i turned 15 or 16 my romps always started on Tuesdays. We'd drink, id pack, he would gripe, id pack, we'd drink more, and aunt holly would get mad he was being to hard on me lol, then we'd drink more. I loved every second of it. Everyone knew H. I remember one time being the only 2 white ppl in a hole in the wall bbq restuarant somewhere outside of eufaula. I remember thinkin wth are we doing here? Lol everyone there knew him and treated us like family. Thats where i learned to play dominos . I could go on forever. H Rosser would give his shirt off his back to anyone in need. Heaven got a good one.

“ H was married to my cousin Holly. I remember the first time I met him, and I thought my what a character he was! Little did I know then, how much of a character he really was! Always smiling and teasing someone. Especially Cheri, but she could always put him in his place. Stop H. Cool it H, just cool it. Lol. My Momma, Aunt Shirley just loved him to pieces, he could always make her smile. I will always remember what he called my Aunt Marge, which was his Mother n Law, Hitler. She was onry and so was he!!!! H will be missed by so many people. My prayers to Holly, the girls and his family.

“ I remember when I was around 5 or 6, my dad took me over to see uncle H and his new semi. I told him I have never rode in a semi before. So he took dad and for a ride and let me blow the airhorns. My wife Erica and I had just been married a few years. H called me up out of the blue and said Holly and him wanted to come visit and see our house there in Collinsville. I got to show him our little five acre goat farm. He thought my big billy goat Cletus was something. That was the first time that side of my family had come to see me and for no reason other than see how I was doing. That really meant alot to me. One last memory I would like to share is when I got laidoff from American Airlines and took a job at AAR in OKC. I was down there six days of the week al by myself. Everytime uncle H had to come down to there chasing people that skipped bail, he would call me to see if everything was ok, if I needed anything, and letting me know he was going to be there if I did. And of couse he always feed me at the romp when I came down by myself. I love him very much for checking up and watching out for me since my dad had passed away. I will miss him and can't wait to see him and dad again. I'm sure dad was there to meet him on the other side and I bet it was a one hell of a party!

“ The first College Football Game was with H at OSU, Charlie Harper sent us the tickets, we saw Kansas and OSU play. Gale Sayers Played for Kansas, it also was the loudest football game that we ever heard. H was never without his Pepsi. Ron Brooks

“ I remember bounty hunting with H when one of Holly's folks would skip out. Working with H and Jim L. was so much fun back in those days. Then there was the occasional trip to Will Rogers Downs and then the golfing fun over at that little course in Coweta. H and Holly - you all were always so nice to me and I kind of lost touch after my hunting days, but thought of you all often. H, what a good man who will be sorely missed.
