“ *Andrew was truly one of a kind. We met and hit it off right away as coworkers in Columbia, MO. I would call him one of my dearest friends. We shared many days together on the golf course and there never has been another person who could make me laugh like he did. I still remember visiting Oklahoma with him and getting to share some great time with his family in between our many great times that week. I am truly sorry for the loss and give my deepest and dearest condolences to the Cantrell Family.*

“ Andrew and I were roommates and coworkers for several years in Columbia. We had an instant connection when we met and both took delight in making each other laugh as much as possible, often times bringing each other to tears with our silliness. I always felt happier in his presence. True friendship chemistry like that is rare and I'll never forget the times we shared. Prayers to the family and sweet kitty Bernice as they heal from this tragic loss.
