“ I am thankful to have been neighbors with Mr. Woody for the past few years. He has been very kind to our family and has been fun to be around. He frequently brought things over that he thought we could use and kept an eye out for our safety, whether it was watching our property while we weren't home or letting drivers know they needed to slow down because there were kids in the neighborhood. Most of the time we spent together was talking outside. One of my most recent funny memories I have was while he was standing in our yard talking with me, we looked up to see a dog charging toward us from down the street not looking too friendly. Since I had a toddler with me I was a little concerned so I tried to move out of the dogs path. The dog turned to run right toward me and my son. Without hesitation Mr. Woody and I both started yelling at the dog like crazy people! The dog turned and ran past us. I felt like half the neighborhood probably heard us screaming! I thanked him and he responded “there's no chance I'd let that dog do anything to you two”. That's the kind of neighbor and friend he was. I am so thankful for the opportunity we've had to know him.

“ As a neighbor of Cary I we will miss him. I work nights and do not get home till 4am. Without fail he would be there with a wave at his front door. Although it happened less and less over the past year I would delight when he was there to wave. His vigilance kept or little street safe from speeders and anyone who would dare come to our corner with less than noble intentions. I'm a better person for knowing him for the short time we were neighbors. He will be missed greatly on our little street!!!!!!!!!!
