“ I first met Cindy in April 1989 when she interviewed and hired me. We worked together until she left for Arkansas to be with her momma and family 10 years ago. She was the most kind, sincere person you could know. She had a personality that would light up a room. Cindy being Cindy had a way of running the office to perfection. We saw each other through our children and life's ups and downs. When she left the company she was sorely missed, it was never the same without her. Doggoneit, I missed her already and this is so much worse. She made the world a better place. To Bill, Nick and her entire family you are in my thoughts and prayers . . much love to all of you at this difficult time”.

“ I met Cindy about 10 years ago through work. From the minute we began working together, we were instant friends. We liked to say us short girls have to stick together! We were always kindred spirits and it was a pleasure to work with her. As we became friends outside of work, she was always there to listen. She always made me feel so happy whether it was talking on the phone or getting together for dinner. My life was truly blessed and enriched because of her. My heart is just broken, Cindy's family, you are in my daily thoughts and prayers. I just can't imagine the tremendous loss you are feeling at this time. May God wrap his loving arms around you and provide you the peace only He can give.
