“ *David was my cousin and two years older than me. We lived next door to each other and I was totally in love with him. I don't know how many times we got married in our childhood days. As we got older we didn't play everyday, but as cousins we were always going on trips together. It was a magical time in our little community of Mingo. My dad passed away when I was a freshman in high school. I don't remember much about the funeral except that David stayed with me the whole time. We cried together but he managed to keep it together enough to make sure I had someone to lean on. It breaks my heart that I didn't get to say goodbye. I would have been there if only I had known. If you are looking down on us right now, please know that you were the best cousin a little Tom boy could ever have. I love you cuz!*

“ David Hanson, the very best driver JEI has ever to have the privilege to work with. Funny and entertaining everyday. He always accused us of overloading, so he when he felt the truck was full he would drive off while the loader operator was trying to load more material on the truck. Priceless. Never would he show up without his princess riding shotgun. She made him look even better! Dave and Connie, you both are such a blessing and a joy to be around. Thanks for stopping by just to check on us, coming to our aid during projects, loving us and our kids. Big Dave you are missed! God got a great gift this week.

“ I am so sorry to the Hansen family for the loss of this awesome man! Growing up across the street in our little community (Mingo) if you wanted a lot of friends, you made them with all different ages of folks. David is one that no matter how much older he was than me, he always made time for conversation and a friendship. David will definitely be missed and in my books, will be remembered as one of the better friends of mine. God's speed my dear friend. Thank you for ALL the memories.

*I count it an honor to be considered your friend and it has been an honor to have known you for 55 (plus) years.*
