“ Don was my best friend, we parted way after I left my position at St Vincent and I was able to visit once while he was at Ivy court and I just found this out while at Ivy Court hoping to see him. I will always remember us stopping at McDonald's so Don could get his big breakfast and Tea almost every morning, our ride to the Seattle VA center and our everyday trips while working singing and laughing and Ole Dons forever usage of the word June bug... I will see you again Don in Paradise and we can pick up the tune again!! Love you my dear friend!!
