“ *Faith was an amazing person and women and will be missed greatly everyday! It really hurts me to know that I will never see or be able to call and talk to her again! I loved her dearly! She was not blood to me but quickly became family and was my aunt but also like another mom to me. We would talk for hours about anything and everything. Conversation always bouncing from one topic to another. I looked forward to our conversations and laugh sessions. I loved everything about her, the way she wasn't afraid to be her self and was proud of who she was. She never backed down from anyone or anything. Since the time of knowing faith she has always been a fighter, she taught me what strength and endurance was. Taught me that no matter what you go through there is a brighter side to it all! Truly one of a kind! I miss her soo much and will continue to try my best to make her proud and brag about her to anyone I can!!*
