“ We will never forget the December anniversary dinner the Pierces, Tates, and Hendricks celebrated at the Peach House in Broken Arrow. We all ordered surf and turf and when they brought our food to the table there was hardly room for our drinks because the plates were so large and decorated with fruit, giant leaves, and food. We laughed and enjoyed the dinner and rehashed our own personal wedding days.

We look back at all the times we went to the TU basketball and football ballgames with you. We had so much fun enjoying wins and losses and having a piece of pie and coffee later at Pippins.

We cherish the fellowship we had at St. Mark's UMC where we became friends and shared so many good times together.
In Christian love,

“ Throughout our years together at Great Bend High School, Gary Pierce was my friend. We went a lot of places together and he had a zany sense of humor that I loved. This picture of me takes me back to those years. He really has changed very little. Still those smiling eyes and that sweet smile. And so, the Class of 1956 loses another classmate. I like to think that the friendships we made so long ago have remained in our hearts all this time. Whatever his life was after high school, I know he made a difference when I knew him. As his family, you should know that he was kind and thoughtful and funny and generous of heart. I bet that is the way you remember him too.
