“ *Greg, buddy I can't believe this happened. When I got the news on Monday morning I was in shock that it was you. Then anger crept into me as to why she would do something like this to a good friend. Now I just hope healing will take over.*

One of the best times I ever had was the week we spent together on your bus for the Scenicruise on Route 66. I learned a lot from you and you furthered my bus passion even more. Still have my two Scenicruisers that maybe one day will be like yours.

Thanks again for being a friend and coming down to Mounds for the car shows so we could see you and feed you our BBQ. I always enjoyed the times we could talk. Greg, you will be missed by me and many others. Gods Speed on your next journey.

“ Greg - you were my absolute favorite neighbor. When Charlie was at the fire station, I always felt safe when you and Cheryl lived next door. When you moved in I would have sworn there was no way that huge boat would go into that back yard, but you backed it in like it was nothing. I can't believe you're gone - it was much too soon! If your daughter is anything like her dad, she will be an amazing person. Thank you for the memories.

“ 'Catfish' was a friend of mine. A more unique, colourful and immensely talented man would be hard to find. He shall be missed.

“ Greg you will be very missed at the cruise on Tuesday's. I looked forward to your candor and banter of all subjects and late night discussions. I'm depending on your "Celestial Clearance" to be intact so we can discuss this later. Hearing of your passing is like looking at a photo of a rainbow in black and white.

“ Greg, your absence here is hard to express. You were a blessing at the car show on Tuesday nights, we all looked forward to seeing you and Karen in the different cars you drove. You did not see long trips as a chore but an opportunity to enjoy. You were a big impression on anyone you met and unforgettable. Thanks for the times and memories we shared. As my neighbor you were an extra benefit, you provided great support for my many projects.

“ CAT!!! Buddy, Friend, Mentor, strongest guy I know... I miss you buddy! You took me under your wing...taught me how to lace and true spokes for my T bucket! You were a friend of Ron Myers and a friend of Joe Kerker. We ALL miss you so bad at the shop in Sand Springs! You were a legend in all of our minds! I remember you peeling off my tire on my spoke wheel with you bare hands. I asked you..."isn't there a tool for that???" You laughed and said..."I don't need a tool...I've got strong hands pipsqueak!" You never called me by my name or by my nickname. You always called me "pipsqueak!" BUT...you always shook my m
Hand and then pulled me in for a big bear hug. You knew I was a hugger. And I hug everyone! I remember at hot rod garage, I was Emceeding the event and you appeared out of know where and grabbed me for a hug! Everyone asked after that, "Man...how well do you know Catfish???" He gave you a hug!!!" Yes he did...and he would give me 100 more! He was a legend, smart as a whistle, kind, soft and hard...all at the same time! I'll miss you forever buddy! You are welcome at Joe Kerkers shop always! Thanks for now watching over me as I put pavement under my T bucket and 40 pickup! Love you buddy!
