“ *There aren't enough words to describe our mema . She was everything God intended her to be . She was my second mom and she loved her entire family with all her heart . There was never an occasion that you you invited her to that she didn't attend . I'm proud to have been a part of her life and she will be greatly missed . No other person on earth could make a chocolate Cherry cake the way she did . All my love to her entire family that are grieving her today. RIP mema*
