“ *I grew up in the same neighborhood and shared many classrooms with James during elementary. He always looked out for me and was the first boy I ever loved lol our family and his were close family friends while my brother , Jake gregory went to Apollo's with his family. I have so many very vivid memories of this boy still today and at a loss of words hearing about his passing. He will forever be and hold a special place in my heart and I wish nothing but the power to try and heal as they go through this horrible loss. I love you guys.*

“ *As the only sister of four James and I always buddied up and Rocky and Matt always buddied up. I remember every Christmas growing up we'd bunk together, talk about what Santa was going to bring and even one year heard bells outside the bedroom window.(as adults found out parents actually did ring bells) So we realized we weren't crazy 🤪 and of course wake up before the sun even came up to peak our nose around the corner to confirm he had arrived!! Then the two of us off to wake the parents. We did this every Christmas growing up even one year I got a Lazer gun as all 4 of us did wondering why mom and dad got me " a girl" a toy gun. Well when it came time to play I was able to hang with all 3 of my bros because "sister" as James would call me had a gun of her own! We are a quad squad and always will be!! Love you baby brother*
