“ *I can never thank my friend James enough for what he did for me ,James was the only person there when I needed a true friend he metaphorically pulled me up out of the darkness I experienced by extending his arm and saying grab my hand ,So I did . It's kind of a funny but heart breaking story how we became True friends .Who would have ever thought that the heart brake that we experience together would have brought us together as TRUE friends . James left me the most beautiful and precious gift that a pet parent can give his baby Mariah .Mariah and I miss James and Love James.James Shoemaker will live always in are hearts he will be forever missed the world was a better with James in it he had a wonderful laugh that lite up a room love always Myra*
