*Jeanny saved me from a lot of childhood trauma . I was in kindergarten going to school with her daughter April. My mother forgot about me all the time at school and most nights I slept up at that school til Jeanny realized what was happening and she brought me home no questions asked I think she knew . That's my first time I saw Jesus was because of this wonderful women! I love you !*

“ *I am going to miss your smile and your laughter and us talking about taking that cruise together, we loved talking about cruises. When I go back to work it's going to be so hard not seeing you sitting across the break table from me and us walking together out to our cars after work. You were such a caring person with a big heart. I miss you terribly and I will for a long time to come. Praying for peace and healing everyone who loved you.*
