“ *Johny, even though I only knew you for a short time, I instantly liked you and knew you were a really good person. You were one of the nicest people Brody and I have met and would always help others. You were a good father to my niece and you will be missed and loved forever. Until we meet again in heaven, goodbye for now. Brittany, Brody, Brooklyn, lil Brody and Harper.*

“ Johnny, I only knew you a short time, but in that time I came to know what a good person you were. You were always willing to help others. All of the kids in the family loved you. You shared a love of fishing and hunting with the boys, and when my daughter would play with Riley, you were always so sweet and patient with them. I enjoyed talking with you about books and shows we liked. You were a genuine, just all around nice person, and you will be missed. I know you will be watching your loved ones from above, and rest assured that your wife and daughter will have the biggest support system there is.

“ Johnny, you were one of the nicest guys I have ever met. You were always willing to help out others especially my parents. The first day Nate and I met you we instantly liked you. You felt more like a brother than a brother in law.
Hunter loved to talk about fishing with you. I remember over the summer you caught some huge bass . On your way home you called me up and asked if you could stop by and show them to Hunter. Hunter was so excited to see what you caught and he was showing you pictures of his fish he caught. You have given Hunter a great memory to keep of you. Nate loved talking about fishing and Hunting with you. Tanner loved playing video games with you. Death takes the body. God takes the soul. Our mind holds the memories. Our heart keeps the love. Our faith let's us know we will meet again. This time it will be for eternity. We will miss you! We Love you Nate,Brooke,Logan, Tanner,Kylie, Hunter

“ *You were definitely a shining light in hunts life. He always loved fishing, jumping all over you, and driving tracy and riley crazy (oh and knocking on the door to wake you up so you could “play”) This has all been so hard to believe. You were an amazing person and I am so thankful the boys were able to spend so much time fishing and gaming with you. Thank you for giving them some wonderful memories*

“ Johnny, It's so surreal to be writing this and it breaks my heart that you are gone. I only wish we had had more time to spend with you. Lucas just thought the world of you and your vast knowledge of fishing. He was so proud the night he came home showing me the lures you had gifted him and talking about how you were fixing up a fishing pole to give to him on Thanksgiving. I will never forget how kind you were to my son. Thank you for taking the time to share with him your love of fishing! You were just one of those all-around "cool" people...a real Jack-of-all-trades! Was there nothing that you could not do or learn? I was continually impressed by the stories that Tracy would share of you. I'll never forget walking into your garage and seeing the lawn mower broken into what seemed like a hundred different parts and you not blinking an eye at the thought of putting it back together! I know that you are finally at peace. You are loved!! You are missed!!

P.S. You sure could eat the heck out of shrimp! :) :) :)

We love you.

“ *Johnny, I have always smiled when I remembered all of the fond memories that we had together in Houston, and I was totally taken back when I learned that you too had migrated from Houston, to of all places North Eastern Oklahoma. You even married a woman from here, just like me, what were the odds. My family has loved the opportunity to meet your daughter, and see her grow, and, meet Tracy. We love you and miss you, and we will always have the fond memories of how nice you were, and how much we fun had together. I will always miss you brother. May you Rest in Peace.*

“ Where do I start? I have so many great memories of you cousin. I will miss all the great times we had because every time we were together that's what it was. My most cherished memory was when we went camping in New Braunfels. From when you got my moms truck stuck in the mud till you showed me how you fixed your glasses with a twig you found in the river. I'm going to miss you so much. I wish I could take all your pain away and give you a hug to let you know it's all going to be ok. Just know we love you till forever and you are now next to Pauley watching over us. I love you cousin and promise to forever let your little girl know what a special person you were. I love you and will mourn you till I join you.
