“ *First met Kenny when he worked at TP Auto Supply after school. Was a GREAT guy and I very much enjoyed working with him. I could tell at that time he was going to be a successful drag racer. Always enjoyed running into him as the years passed. SO SORRY, to hear of his passing. My prayers and condolences to the family.*

“ Chris and Kim your Dad and Kerry and my brother Butch and me we grew up so close to each other. We we're like brothers and sister instead of cousins. We spent summers going to the lack and in each others back yards playing ball. We had something special growing up. We loved each other and spent time together. I love you Kenny.
