“Lynnie always made sure her friends were taken care of and one hot summer day in Cincinnati was no exception. She called a small group and invited us to dinner. She wanted turkey dinner so bad in the middle of the summer and went out and roasted a turkey dinner for all of us, including all the trimmings. Never had a better than that. Lynnie was always the voice of reason and when I was running around with my hair on fire, she was the voice of reason. I so miss that about her and her caring for her friends and family the way she always did. You are forever in my heart, my friend.

“Linda was such an asset to Saint Francis Hospital South volunteer department. We formed a quick bond and she kind of became my personal assistant in the administration office. She loved filling the cheer cart and passing it around to the staff...she loved it so much I made her the project manager and she cherished that title! We would often meet for lunch and she would want to take me to new places she had recently tried. When we couldn't decide where to go, we would always end up eating Mexican food because she said that was her favorite! Linda had a very caring heart and was supportive of me when my husband was in the hospital. She would come visit and make sure we never needed anything. Even though she was a sweet soul, Linda was a little ornery too... just like her dog Mo. They were perfect for each other! I will miss my friend but now she can go rest in the arms of Jesus!
