“ *Tomorrow will be two years since Heaven received this beautiful Angel. I miss her as much today as I did the day she left us. She was my rock...my sounding board...my best golfing buddy...We had a friendship like no other. We each brought out the best, funniest side of each other. I miss having her to send my off color & political jokes to. I would give anything for one more round of golf with the radio blaring 'Uptown Funk' and the laughing until she almost pee'd. She was the most generous person. I would have never been able to change my life without her emotional and financial support. I regret she didn't live long enough to see how happy I am. And I have her to thank for it all.*

*Darlin' you left such an impact on everyone who was fortunate enough to know you. And I miss you every single day. LYFMI~

“ I have fond memories of Lori. For example, down at the driving range. Lori and Reno would pull up in their own carts. Lori would get out and shout, "Hello Darlin" with a big smile. For a few minutes the occasion was filled with joking around, one liners and some ribbing. Special moments in time
Lori was a fighter. I think we can all learn something from her strong character. She enriched our lives.

“ Beautiful lady inside and out! We met when we were still in high school, and she was dating my "brother" Reno. I've been attached at the hip to the Wilkinson for as long as I can remember. I'll always remember that big smile on her face, and her zest for life. Love you, mean it she would always say. Prayers and hugs to the Wilkinson family for your loss. She will be forever missed. Love, Susie
