“ *I never ever called her any name but Mom; growing up as part of her family will always be an important part of my life. My character, my virtue, my strength was all a part of the growing up process that was helped her teaching and instructions. She was always a big part of showing me how to treat other people, with respect and dignity. She was a religious person, but always respected the different religions of others. She was a true lady, and I will miss her very much, but her legacy and spirit will live on forever, thanks "Mom", for being a big part of my life.... RIP*
