“ *I met Patty 50 years ago at Ft Leavenworth, KS. We worked in the same building. She was a fun person to be around. We had a lot of good times. Life took us to different states, but we always kept in touch. Our phone conversations included a lot of reminiscing about our younger days. She had an excellent memory. I know she has gone on ahead of us, but I will always want to reach out to her by phone. Patty, you will always be loved and thought about.*

“Patty and I along with Jean Wilkins were best friends for almost 40 years. We worked with her at the Corps of Engineers. She was such a loving and very caring person. She had an amazing memory!! She always knew everyone’s birthday. She loved her friends. Her husband Dan and her daughter, Miranda, were the loves of her life!! The last time we talked to each other we were on the phone for over 3 hours. I will always treasure the conversation we had. I know it was the Lord’s way of each of us saying goodbye to each other even though we didn’t know that was going to be our last conversation. Before we hung up the phone, I told Patty that I loved her and she said the same thing to me. Patty loved the Lord. I am so thankful that she is in Heaven with him now. I am also thankful that she is with Dan, she missed him so very much. Dan and her daughter, Miranda, we’re the loves of her life.

“Worked with Patty many years at COE Tulsa. Even though she had some rough times while working there she always had a smile on her face. Patty was a hard worker. Patty never forgot a birthday or anniversary. Always remembered mine, my kids, and even the grands! We talked a lot recently, when she was in and out of the hospital. Had plans to meet for lunch and talk about “old times”. She’d say “Now Honey, we need to get together” or “Hey Girlfriend, how you doing?” We never got to do lunch and I will miss her birthday call month. 😭. Rest in Peace Girlfriend!! Going out of town and will miss your service, but will be thinking of you and Miranda. Love Ya. Cathey

“ I met Patty, I will just say, several years ago at the Corps of Engineers. I didn't work directly with Patty but everytime I saw her she always had a smile on her face. She was such a pleasant person to be around. I know our Lord Jesus has welcomed her into his loving arms.

“ I met Patty approximately 38 years ago at the Corps of Engineers. We soon learned that her birthday was the day before mine.

Through the years she always joked with me that she was old enough to be my mother (a young mother).

We both have had the opportunity through the years to experience each other's ups and downs, as well as, marriages and the birth of our children.

She always spoke of Miranda and Dan her prides and joy. She would always ask me and genuinely cared about how my children and family were doing.

Through it all I could not have asked for a better friend. I am going to miss her dearly, her thoughtfulness, her as a caring individual, her funny sayings and her laugh. Most of all I will miss her calling me girlfriend and her telling me she loved me.

Grateful she is safe, not in pain and resting in our Master's loving arms. She can finally hear our Savior tell her, well done my good and faithful servant, and she can see her true love Dan once again.

“ Patricia, Pat, Patty, or even Trish. I had a conversation with her a few months back about what she wanted to be called. She said it didn't matter. She liked living in her apartment and having a place that was just hers. She had sacrificed her life with her husband to care for her inlaws and stayed with them until they passed on. She then lost her husband and ended up staying with his brother. So when she got her own apartment she was elated. She loved her daughter greatly even though they didn't always see things the same way. She new Jesus as her personal savior and she was loved by the Father God. Dan was her love here on earth. She also loved her daughter and would do anything for either of them. That is all I know from conversations I had with Trish.

“ Patty was a sweet lady, I met her at Army Corps of Engineers years ago. She did the kindest things, she saved toys from Happy Meals for my kids when they were little. I know she will be missed and is happy to be with her husband Dan. My thoughts and prayers to Miranda, and her family.

Godspeed, Patty. You're safe now and in His care. Love and hugs,
Amelia
