“ *Ray was my neighbor when I first bought my company. He came up to me in the first week and said, "Thank you for coming, you brought some class to this place" which the thought of has always lifted me up. Later, he invited me over for his birthday cake which was a day i'll treasure. Ray was an amazing man, i'm sad to hear that he's gone.*

“ *Uncle Ray and Aunt Lex called somebody in my chain of command in 1982, to be able to pick me up after I graduated from the Air Force Medic school in Wichita Tx, and he was given permission to do so, which almost never happens, and they showed me the great Tulsa area for a few days. One of the places had been working on parts to the Space Shuttles, which was so great to see. They also secured a ticket to a concert to see Olivia Newton John’s “Let’s Get Physical” tour. That was too awesome! Kristal and I are so proud to be in his family tree!!! We love you Uncle Ray!!*

“ *I had the opportunity to benefit from Ray’s experience and professionalism in the mid 1980s while working with OKDHS. Although interacting with OFCCP/USDOL could be quite intimidating, working with Ray was always a positive learning experience. My sincere condolences are with Ray’s family.*
