“ *I am one of many of Dr. Bebout's many patients. I am certainly grateful for the talent that he was given. I had a severe broken right arm. He explained everything to put me at ease. He read his own X-rays and showed me how to do physical therapy that I could do at home. I regained full use of that arm within no time. I feel very lucky that he was there when I needed him.*

“ Bobby: Do you remember the many yeas we all went to Sunset Beach must have been at least 15 years. You and I and Herb played many rounds of golf on the Pearl golf course. You had a terrible loop in your backswing and took forever to putt but you beat me every time we played. Your talent carried over to the dinner table each evening when you gave the blessing, always original and sincere but sometimes a little humor.
