“ Ryan and I were in the same 6th grade classroom with Mr. Jenkins at Sequoyah, and his quips and quick wit made me laugh so hard I got in trouble once. It should have been more than once, but I guess I was lucky.

I invited 3 guys and 3 girls to my BDay party in May, including Ryan, and we all went to the Cosmic Cowboy Arcade with a bunch of quarters, cake and ice cream too. We didn't have many classes together after that year, but I always remembered him fondly as the years flew by.

I am so sorry to see you go.

“ Ryan and I worked together and shared many laughs. Found out Ryan and my husband have mutual friends and we got on the subject of music. We'd pass notes to one another periodically with a cool new band that we found for the other to check out. Songs, that now when we listen to them, will always remind me of him.

“ To Ryan’s Family from his Green Country Family,
We are still in disbelief of Ryan’s passing. To walk in each day and not have him around will take time to get over. He will be hard to replace due to his multi talented skills on several pieces of our equipment. I’m sure there will be Ryan stories for years to come and he will not be forgotten.
Our hearts and prayers go out to you, his Family and his Friends.
Until we meet again Brother!
