“ *It's been a few years since she passed, and I miss her dearly every day. She was my Mimi, and I don't know how I survived. I know people are going to say I'm dramatic, but I go on every day for her, and I try to be creative like her, and I want to travel the world just like she did when I am older. I want to be just like her when I am older, and I hope I am making her proud. I love you, Mimi.*

“ *My condolences to Sandra's family. I shared time with Sandra at the BA Library for rug hooking. She was hooking a rug full of big beautiful pansies. She was so creative and artful! Sandra was so delightful to be with and will be very missed at our meetings. I will pray for God to give you His peace during this difficult time. Mynette Whittington*
