“ I just recently remembered that Mary told me years ago that Scott used to play an Indian style flute (that our dear Dad had crafted) in an open area at the hospital where he worked...folks would comment how peaceful that was and how calming, making a hospital atmosphere much more personal...Just another facet of his caring at his workplace...Karen (O'Neill) Bunker

“ It was a blessing to have Scott as a member of the O'Neill family. He was a passionate man who had a genuine care of other people - especially those he served in his years as a X-Ray/CAT Scan and/or MRI technologist.

I also remember joining him and Mary as star gazers through one of their various telescopes. He was quite knowledgeable about the beauty that filled the night sky.

Eternal rest grant unto Scott, O Lord, and let your perpetual light shine upon him. May his soul and the souls of all the faithful departed, through the mercy of God, rest in peace.
