“Morgan was my buddy. There to listen to me and give advice, absolutely gut busting laughs we had. Joining him and Schmit for a drink after work, but before conferences!! ☹️☹️ only once. I'm so saddened that most of our building, family, was torn apart and left. We could have had a few more years with him. We were certainly robbed of that chance.

“ I was a troubled kid in middle school I had alot going on in life that I would not share with anyone. I spent most of my 3 years of middle school in school intervention where coach MO was the teacher. He was the only teacher I had ever met that cared to listen to my troubles and I could tell he cared. I remember everyone being upset because they thought he treated me differently but they did not know the troubles I was going through only coach MO new.

About 12 years later I seen him at a gas station and we talked, I showed him that I was running my own company and the smile and look in his eyes showed me how much he cared, I will forever be thankful of him and I can't wait to update him on my progress in life when I see him in heaven rest in peace buddy.

“ Coach Mo is my favorite coach I've ever had. He let us get away with so many shenanigans at track practice. I always appreciated how much love I felt coming from him during times of criticism. I'll never forget his track philosophy: How do you get fast? Run fast! RIP Coach Mo!

“ I just wanted Coach Morgan’s family to know the impact he had on my daughter. She unfortunately spent a lot of last year in ISP with him and several weeks the beginning of this semester. Sometimes she would get ISP just because she would rather sit in there with coach Morgan than be in any of her classes. She was having a hard time with some kids. She said he was so kind to her, would make sure she ate and if she was hungry he would share some crackers that he made at home with her. She absolutely loved him and she is so sad over his passing.. She came home often speaking of how much she loved coach Morgan. He really helped her through a hard time in her life. All of these are her words to me. Sending love and prayers to his family. Thank you Coach Morgan for being one of a kind and being so kind to my daughter.

“ Both my husband and I knew Coach Morgan in high school. We credit him with introducing us. We have been married almost 27 years. He always laughed when he told the story and was at our wedding. Grateful for his impact in our lives as athletes, but grateful most of all for telling my husband to ask me out 😍.

“ Coach Morgan was a good friend. What I loved most about Scotty was his positive attitude and happy disposition. We would always talk about hunting and bird dogs. I'm going to miss him. The students of BA lost a legend, a great mentor, and positive role model.
