“ *I am so sorry for your loss. Sheila spent a lot of time with my daughter & I know my daughter loved her. She was a giving woman & probably never knew how much she meant to so many! My prayers are with the family & friends she left behind 🙏 She's playing pool on the big table in the sky!💕*

“ *We was always greeted with a smile and a genuine concern of how things were going with us always wanted to hear about places we were coming from and where we were headed next (our job). She had compassion for people that were around her no matter the cost to herself. Always looking out for the younger crowd. No matter what time we came in there she was always there. She always gave us the front table even if people were on it she would move them. She always treated us like family and we think of her as family. We always looked forward to going and seeing her. Sheila is what made Sheilas .. it won't be the same without her smiling face.... We will miss greatly*
