“ *My Name is Brian Bruebaker, Steve Brackett was one of my best friends, we first met in late 1987, although Steve would say 1988 was when we first met because it was late in 87. We worked together, played basketball, hung out with friends that would come and go. We had many adventures, that we would relive through several phone calls. Steve was always good at staying in touch. We had some great times making songs together. Steve was a very good guitarist and keyboardist. Since we both left Sacramento, we got back twice for visits, I always enjoyed the walks through Steve's old neighborhood in Greenhaven, and the stories of the different places we visited. If someone could let me know Steve's autopsy report I would greatly appreciate it, my number is 509-475-4138. Thank you, Steve miss you buddy R.I.P.*

“ Another loving soul taken away much too soon from us. Steve was your ideal fun loving uncle. He loved my brother and I as though we were his own kids, was always willing to help you, and if I didn't want to do something by myself Steve would always go with me. Family gatherings will never be the same and I am going to miss this crazy guy more than I can imagine. But it helps knowing he is being reunited with Nonnie. He now can always be flying high!!
