“ *My aunt Virgie would take anyone in... Give them a place to stay feed them whatever they needed..she was that kind of loving and caring person.. but if you're coming after her niece in a violent way- baby look out..she maybe short and little but she has no fear when it comes to a man that's over 6 foot and built to the hilt..my aunt Virgie is dynamite in a small package and she will grab a baseball bat and make you leave...she's not about calling cops she's about protecting her loved ones at whatever it takes.. I LOVE YOU AUNT VIRGIE AND YOU WILL BE MISSED!!!*
